

Campus Resource Review

1. Use the spreadsheet located at L:\collections\tier 1 review 2008-2009\review list.xls
2. Each resource has been assigned to a collection group for their review. Resources that span multiple collection groups were assigned to the Collection Coordinators for review.
3. The spreadsheet has a list of the resources for mandatory review (Tier 1 and Tier 2). Using the tab for the appropriate collection group, each resource should be ranked as
 - Core (essential to a program)
 - Retain (useful to a program)
 - Low (nice to have; if we had to cancel this would be a title to evaluate)
 - Cancel

A rationale should be given for each decision.

4. It may be helpful to refer to the master mandatory review list located at L:\collections\tier 1 review 2008-2009\mandatory review list of tier-1 resources.xls. The master list includes cost and usage data.

Calendar

- | | |
|-------------|---|
| December 1: | Give review list to collection coordinators for work within their groups |
| January 15: | Collection groups complete their decisions. The Review List Group (Andrea, Cathy, Sylvia) will review the list. |
| January 25: | Distribute decisions to Collection Coordinators for final review |
| January 31: | Submit decisions to CDC |
