

Program Committee Annual Report 2006/07

Roster, 2006-07:

- Janet Martorana, Chair
- Lucia Snowhill
- Chimene Tucker

The Program Committee organized the following events in 2006/07:

November 20, 2006: A Discussion with Gene Lucas, EVC and Acting UL

This was an opportunity to get together informally and talk about issues of mutual interest, how we could communicate and collaborate on shared goals, and other ideas.

November 28, 2006: Peer Advice Session

Jointly sponsored by the CAP and Program committees, we organized LAUC-SB's annual informal "peer advice" session to learn and/or share tips and strategies about preparing the review packet. This was for those who wanted to ask their peers what works and doesn't work for them in preparing their review packet.

January 29, 2007: A Discussion with Phillip Walker, Chair of the Senate Committee on Library, Information, & Instructional Resources

Gave LAUC-SB members a chance to talk informally with Phil about library issues, the work of the Senate Library committee, and the results of the faculty library survey that was done Fall quarter.

March 26, 2007: Library's campus role: a discussion with EVC Gene Lucas

We scheduled EVC Gene Lucas to meet with LAUC-SB members again and had asked him to share with us his vision and expectations for the library as part of the broader academic plan for the campus, which would give context to our discussions about the structure, potential new initiatives, and the plan for the new building. This discussion was important as we were interviewing for a new UL with new leadership, and at the time, looking at the organizational structure to determine how the library might better serve the needs of the campus community in the future. The Program Committee was interested in getting a campus administrative perspective and a broader understanding of the library's future role and of campus expectations for the library.

May 23, 2007: Thoreau Project Overview & Update

Beth Witherell, Editor-in-Chief of the Thoreau Project, gave us an overview and update of the 'Writings of Henry David Thoreau' and showed us the newly renovated location inside the library in the SEL area.
